

SRVEA Negotiations Update

December 16, 2008

THE SRVEA BARGAINING TEAM WORKING HARD TO IMPROVE YOUR WORKING CONDITIONS....

Darren Day – Negotiations Chair Mary Jane Keogh
Bob Donovan Rich Ault
Diane Bradley Jan Engberg

On Wednesday, December 10th, SRVEA and the District met to continue negotiating the various articles opened in August by the District and SRVEA.

Teachers, thank you again for coming to the November school board meeting. By showing your support, your effort helped move the Board to a point where they were willing to bargain technology.

SRVEA and the District began the process of developing language for the new Technology article. We were able to list interests for each group around technology. A sub committee was then formed to develop contract language which will be brought back to SRVEA and the District Teams for approval. A deadline of January 29th was set for the sub-committee to bring back their recommendation for the new contract language to both teams.

SRVEA shared with the District feedback received from teachers concerning the 2010-2011 Instructional Calendar options.

A sub-committee has been reworking contract language in the Assignment, Reassignment, and Transfer article of our contract.

A separate sub-committee is working on development of the Department Chair/Curriculum Leader Responsibilities and Compensation article and they will be meeting the week of December 15th.

As SRVEA continues to negotiate for you, we ask that you attend all SRVEA site meetings and read all upcoming information.
